

# CALEMARD

by Spoolex

## Meet your winding expert at K 2019!

Booth E51  
Hall 3

Messe Düsseldorf, Germany  
16 - 23 October

### Unique!

A dedicated Testing Laboratory of 150 m<sup>2</sup> featuring all our technologies  
to set-up trials and process feasibility

#### Flexibility

Multi-purposes equipment  
able to convert **thick or thin**  
materials into pads or spools  
of wide or narrow strips.

#### Process expertise

Calemard's machines can  
manage **high, low and even**  
**extremely low tension on the**  
**same machine.**

#### Quality

Compact rolls with consistent  
tension, clean and straight  
edges for easy use on  
downstream process.

Do you know that our equipment  
are used in all these applications?
